1. Your leadership is dependent on your followership—your followership—your followership, your followership makes way for your leadership.

If I did not follow I could not lead. If I was not submitted, I could not lead. Leadership is followership, to a higher call of suffering and intimacy and responsibility—to which all are called—to their grace, grace, grace within them—My grace which conquers and covers all.

2. Oh Ted, leadership My body through submissionship to My covering only, so conquer they can their fears and dogmas and drawbacks to My design being implemented fully in their lives.

3. My potential for My people so supercedes and supra imposes Me into and on to and out from all that they do, see, feel, and become—allowing the rivers of living water to flow through them, My beauty, My truth, My blood in their veins, to flow—flowing from Me, My kingdom, My Father, Us—one—to our body—one.

4. Oneness—power.
Oneness—beauty.

Oneness—submission and leadership—one—not two, one, one, one.
One Ted. One—oh leader who wants so much more.
One—oh follower who wants so much more.

5. So blessed to give—in giving we receive, in submission we lead and overpower the darkness which eyes covered have been so long, yet with tears dripping from—seeking release and freedom, opportunity, and leadership that lets their submission flow into that which reflects fully Me.

6. I love you. Write. I love you. Sing. I love you. Dance. For your day is now, throttled, accelerating, and there's no stopping you now for on your way you are—in My highway of holiness; holiness-ing My who-seek-Me, of all labels and statures.

7. Confidence them, holiness them, purity them, help them see Me and feel Me and do what you did this morning—gazing, gazing, gazing into My eyes—worshipping, loving Me, loving Me, just loving Me.

8. Speak more and silent be little for your words I come for—from your heart—your utterances which belittle Me not, but crown Me with blessing, glory, and honor, in every person, in every thought, and in every deed, almost.

9. I love you. Tenderize My people to My tenderness, and beauties of tenderness with each other. I love you. I love you. I love you.

10. Tender teaching you I am, I have, I will, as you arise, tenderly taking and receiving those I've given you, and taken you to, and brought to you, for multiplicity of purposes in planes many—to see Me more and understand My ways, and empowered be to embrace Me—significanced, after confidencing. I love you.

11. Music opens to Me—conductorship of composer-ship to leadership of all leaders—you—Me—My body—now—all.

12. I love you. Teach, write, revel and enjoy My words for they increase for you asked, you come, you speak, and hardly can deal with the image of My face turned away from you. You love Me, you love Me, you truly love Me. And I, Ted, truly love you.

13. And I love what you're doing and about to do and begin the beginning of My monstrosity of evil-smashers who aren't afraid of intimidators and controllers and constrictors, yet can dialogue in confidence with them and never yield on My non-negotiables—standing, standing, standing in My stead as I stand there with them, in them, saying what I want to say—through My surrendered submitted, My surrendered submitted, My surrendered submitted who now can lead and lead in submission to leadership of Me and even submission to many others, if I say, as I lead, yielding only to Me—to make My body work as I designed—in holiness, purity, and Ted, no lack.

14. Leadership followership intertwined inextricably with industriousness and industrial solutions to economic woes and plagues many, common.

15. I love you. My value system implant and water, nourish, and lack diminishes—dries the tears of sorrow and lack and poverty-permeated industry-less souls and nations of Me.

16. I love you. Great leadership arises to arise you and hold your hand as you Ted, hold Mine—My doing, My doing—Me, not your greatness or magnetism, oration ability or anything else, Ted, but Me, My doing, Me—you Ted, your surrender, your submission, your submission, your submission, your exaltation of self not, but Me, Me, Me.

17. I love you. I appreciate submission of beauty, surrender, that I am leadership—flow, flow, in fountains flow, flow, flow, unrestrictedly—flow and increase, accelerating now, into larger places and limelights for Me—for only Me—Me alone, Me only—Me.

18. Ted, all the glory.
All the glory.
Ted, all the glory—Mine—not yours—Mine.
Mine alone.
And I thank you.
Me, Mine, Mine alone.

Thank you Ted, culturalize My people with My culture of value systems of only Me.

19. I come, I call, I confirm, and I culture bring to My nation-less people who wander looking for My Kingdom, and destitute walk perilously through kingdoms of man and destruction looking for fountains of life—freedom—abundance.

In Me—all is—in Me, I Am. Me—alone.

20. I love you. Empower them all Ted, all who will let you, and flow Me, to flow through all.

Thank you for your years of surrender, submission, beauty on display, and now I display My beauty to you—triceps—on you—in you—threefolding others into groups limitless—for Me. Watch Me, watch Me, watch Me.

22. Figure Me out? I laugh, I smile, and I love you deeply, deeply, with all My all of Me. I love surrendered submitted leadershippable ones who through My fire came—burnished, bronzed—pure gold.

23. I love you and I bless you this day.

24. Triceps—I love you.

25. Generals and admirals and army captains of Me, in My guard, in My offensives and defensives—leading Me—leading Me, leading My ones submitted surrendered into leadership—forefronting My every one available who have choices made and acted upon, to let Me arise them in their maximum potential—which exists only in Me—and can be reached only in Me—in submission, surrender, and exaltation of only Me.
